## who we are

At Kayapa, we specialise in the art of storytelling through the lens of photography and videos. Founded in 2013 and based in the Northern Beaches of Sydney, we pride ourselves on creating faithful, honest and remarkable portraits of you and your practice or creative business.

## what drives us

We believe in the power of art and culture to inspire, connect, and transform communities. Our mission is to illuminate the distinct stories of artists, innovators and cultural enterprises, fostering collaboration and celebrating diversity.

As founders, Gabby (photographer and graphic designer) and Miguel (visual artist and architect), we are deeply committed to promoting creative expression and cultural engagement. Our active involvement in organisations like La Crème Creative Inc. and Brookvale Arts District (BAD) also reflects our passion for showcasing unique artistic voices and fresh perspectives into the world.

*"We acknowledge the traditional owners of this land and elders past and present. We recognise Aboriginal people as the original custodians of the Northern Beaches. Aboriginal culture is integral to our understanding of belonging, community and care of the land."*
